ABOUT US

RIGA PARKET is a manufacturer of natural and ecological solid and multilayer hardwood flooring and interior elements that provides economical and also individual and exquisite solutions.

MORE THAN 20 YEARS

Successfully combining the best traditions and the options of the latest technologies, the company manufactures and installs wood flooring for more than 20 years.

RIGA PARKET takes care of the whole floor making process – from tree felling to floor installation, thus providing high quality at an affordable price.

For convenient floor care and durable floor protection during its exploitation, we provide industrial pre-finishing with industrial oxidative hard-wax oil, and ecological two-component oil or water-based lacquer.

FINISHES

Flooring boards can either be supplied from the factory pre-finished with oxidative hard-wax oil based on vegetable waxes, or two-component oil, or supplied untreated for finishing on site after installation.

For exquisite interiors, we offer individual finishes with an unlimited selection of shades.
